

**MESSAGE FROM MINISTRY OF EDUCATION
GOVERNMENT OF THE PEOPLE'S REPUBLIC OF BANGLADESH**

Dr. Dipu Moni M.P.
Minister
Ministry of Education
Government of the People's Republic of Bangladesh

Message

Congratulations to the Canadian Trillinium School on completing 12 years as a successful school in our community. I wish to appreciate the staff, students, parents, and the governing board of CTS and its sister concern, Canadian Trillinium International School Malibagh and Wari Branches, for investing their time and efforts. I also like this opportunity to congratulate all alumni, and all prizewinners at this celebration of excellence.

Over the course of your time at CTS and its sister concern CTIS, you have demonstrated courage, dedication, and have developed the key skills required to succeed in your chosen future.

Learning has no limits Bangabandhu Sheikh Mujibur Rahman, our Father of the Nation, stated that education is the greatest investment in the future of our Nation. Following his footsteps a new chapter in the development of the country's education sector has begun under the prudent leadership of the honourable Prime Minister Sheikh Hasina, the deserving daughter of Bangabandhu Sheikh Mujibur Rahman. Our Prime Minister, Sheikh Hasina, has stated that an educated workforce is required to not only rid the country of poverty and hunger, but also to make present leaders. To meet the challenges of our rapidly changing world and economy, leaders in all fields must be adaptable and have the ability to apply their knowledge in new situations that arise on a regular basis, to recognize challenges and a turn them into opportunities that lead to greater success. Our Prime Minister, Sheikh Hasina, has also stated that "this education must be modern and technology-based," and has always stressed the importance of building a nation that is modern and technologically

Dr. Dipu Moni M.P.

Ministry of Education
Government of the People's Republic of Bangladesh

equipped. The curriculum that your school follows is focused on developing independent thinking skills and becoming proficient in all technological aspects, rather than memorizing facts, on doing as well as knowing, which is the path to success in the modern world. This recognizes your achievement in graduating from the Canadian Trillinium School and its sister concerns, the Canadian Trillinium International School Malibagh and Wari Branches.

The fortune of this country is dependent on the education of its citizens. Education is for everyone and encompasses all aspects of life—physical, intellectual, social, and spiritual. Education is still the most powerful tool for social change in the world today.

Once again, my sincere thanks to the CTS and CTIS team for completing 12 years as a successful school and wish them continued success.

Joy Bangla, Joy Bangabandhu
May Bangladesh Live Forever

Dr. Dipu Moni, M.P.
